

I am writing in regards to LPFM and its possible expansion. If it takes priority over FM translator(current), then its going to knock our Christan, up lifting, beautiful, KLOVE radio station off the air. That is so wrong. I do not listen to the junk that is put out on the radio anymore, & this would not only be a horrendous let down to me for it to be removed, but for our community as well. We have so little in life anymore that is up lifting on the radio & tv has gotten just as bad. I hear many people, day after day, call in to talk to KLOVE RADIO, & tell about how their lives, as well as their childrens lives have changed for the better. Please, I am asking you to not let this go through. Thank you for your time, Sincerely, Mrs. Potter
